

– *Introducing* –  
**DR. L SPARKLING RIESLING**

**Deutscher Riesling Sekt  
(German sparkling Riesling)**

Sparkling wine has a long, rich tradition in Germany, where it has been called “Sekt” since the late 1800s. Germans are the biggest consumers of sparkling wine in the world, and most of the Sekt they produce is sold at home. But it’s such delightful stuff, we thought it was time for American wine drinkers to discover real German Sekt.

Dr. L Sparkling Riesling is 100% pure Riesling — the crisp, fruity grape that has made German wine famous for centuries. It is made using the Charmat method, where the second fermentation is done in a pressurized tank to keep the bubbles in the wine. This method produces bright, clean sparkling wines in a more affordable way, which makes it possible to offer this charming bubbler at a very nice everyday price.

As is usual with Riesling — especially from a cool climate like Germany’s — a juicy touch of sweetness was left in the wine to balance the naturally brisk acidity. What you end up with is a refreshing, fruit-driven sparkler that’s a pleasure to drink any time. It’s a great choice for summer parties on the lawn, a Wednesday evening at home, or any time you need a little sparkle in your life.

Alcohol: 12.0%

Residual sweetness: 27.8 grams/liter

Total acidity: 6.4 grams/liter

pH: 3.06
