

DR. LOOSEN

2006 Riesling “BA” (187ml)
Beerenauslese (“berry select”)
is an intense, ultra-concentrated
dessert wine made from grapes
that have been shriveled by
botrytis, the “noble rot.”

Wine Spectator (93 points)
“Gorgeous aromas of apricot,
lime zest and freesia introduce
this elegant dessert white.
With its airy texture and
weightlessness, it wears the
sweetness and acidity effort-
lessly, with a very clean finish.”

*Produced by Ernst Loosen, one of the world’s
most celebrated winemakers.* 🍷
